Einleitung

Es wird geschätzt, dass mehr als 40,000 Personen aus dem Gebiet des heutigen Burgenlandes zwischen 1880 und 1924 in die Vereinigten Staaten auswanderten. Auch vor dieser Zeit und nachher gab es Auswanderung und auch nach Kanada sowie Südamerika und in andere Länder. Es wird geschätzt, daß etwa 25% der Emigranten wieder in die Heimat zurückkehrten. Über die Auswanderer gibt es keine Aufzeichnungen aus dem Burgenland. Wir wissen nicht, wer sie waren.

Die Burgenländische Gemeinschaft und ihr Langzeitpräsident Dr. Walter Dujmovits haben fallweise Namen und die Geschichte einiger einzelner Emigranten veröffentlicht, so diese Informationen entdeckt wurden. Listen von Namen sind bisher noch nicht veröffentlicht worden. Dr. Dujmovits und die Burgenländische Gemeinschaft sind derzeit dabei, den ersten Emigranten von jedem Dorf zu erforschen.

Der Burgenland Bunch, eine Internet-Gruppe, wurde im Januar 1997 von Gerald J. Berghold, einem Enkel von vier Burgenland Auswanderern, gegründet. Sein Hauptzweck war, mit Nachfahren der Burgenland Auswanderer in Verbindung zu treten und via Internet Datenbanken aufzubauen, in denen Auswanderer gefunden werden konnten. Dieses Buch ist ein vorläufiges Resultat dieser Suche. Sie listet ungefähr 7000 Familiennamen in alphabetischer Reihenfolge, mit den Dörfern ihres Ursprungs und dem Ort oder die Gegend wo sie in den Vereinigten Staaten und anderwo siedelten. Sie gibt die Namen und Internet- Adressen, von über 2000 Nachkommen von Auswanderern an. Diese erforschen die Herkunft ihrer ausgewanderten Vorfahren und können auf Anfrage oft detailliertere Daten zu einzelnen Auswanderern liefern.

Auf der Burgenland Bunch Homepage sind auch die ungarischen / kroatischen Namen der Dörfer und die Standorte der Pfarren zu finden, die eine Suche nach Geburts-, Hochzeits- und Sterbematriken ermöglichen.

Dieser Index wird im Güssinger Auswanderer Museum aufgelegt, in der Hoffnung, daß Besucher, die die Orte ihrer ausgewanderten Vorfahren nicht kennen, hier ihre Suche nach Information beginnen können. Ebenso können Besucher, die sich fragen, was aus ihren ausgewanderten Verwandten geworden ist, hier Informationen über sie oder ihre Nachkommen finden.

Verwendung des Indexes

Die Verwendung des Indexes ist einfach, Sie suchen nach dem Familiennamen, für den Sie sich interessieren, und können bei dem angegebenen Ort (oder mehreren Orten) die Suche nach Vorfahren beginnen. Für die, die ausgewanderte Verwandte suchen: Der Platz, wo sie sie hinzogen, kann Ihr erster Anhaltspunkt sein um mehr über sie herauszufinden.

Sie können auch Mitglied des Burgenland Bunch (Internet-Zugang nötig, siehe die folgende Einladung) und/oder Mitglied der Burgenländischen Gemeinschaft werden.

Zweite Auflage, Mai 2012

Diese Buch wurde durch The Burgenland Bunch, Thomas Steichen, Präsident, und Klaus Gerger, Vizepräsident, erstellt und an das Auswanderermuseum übergeben. Wir planen, diesen Index zu aktualisieren wenn weitere Daten vorliegen.

Introduction

It is estimated that 40,000 people emigrated to the United States from the Burgenland area during the period 1880-1924. There was also emigration before and after those dates, some to Canada as well as South America and other countries. No records were kept of the people who emigrated, at least none have ever been found. In addition it is estimated that perhaps 25% of the emigrants returned. We do not know who they were.

The Burgenländische Gemeinschaft and its long time President Dr. Walter Dujmovits have on occasion published the names and stories of some individual emigrants, as information was discovered, however no lists of names have ever been prepared. Dr. Dujmovits and the Burgenländische Gemeinschaft continue to actively research the first emigrant from each village.

The Burgenland Bunch, an internet group, was established January 1997 by Gerald J. Berghold, the grandson of four Burgenland emigrants to Allentown, PA. His main purpose was to contact descendants of Burgenland emigrants and build internet data bases from which emigrants could be identified. This book is the result of that search to date. It lists approximately 7000 surnames in alphabetic order, their villages of origin and where they settled in the United States and elsewhere. It provides the Hungarian / Croatian names of those villages and the location of parish churches which will allow a search for birth, marriage and death records. It provides the names and internet addresses of over 2000 descendants of the emigrants who are actively researching their emigrant ancestors and who may well be able to supply the full names of emigrants and more detailed data.

This index is being placed in the Güssing Auswanderer Museum, maintained by the Burgenländische Gemeinschaft, in the hope that visitors who do not know their emigrant ancestors' villages of origin may be able to begin their search for information. Likewise, visitors who wonder what became of their emigrated relatives can try to find information about them or their descendants.

Using The Index

Using the index is simple, look for the family name in which you are interested, match the place where settled and find the appropriate village(s) and parish church. Then visit that village and church for more data. For those looking for emigrated relatives, the place where settled can be your first clue to find out more about them.

You may also wish to join the Burgenland Bunch (internet access required; see following Invitation) and/or the Burgenländische Gemeinschaft (see museum guide).

Second Edition, May 2012

This book has been prepared and donated to the Auswanderer Museum through the efforts of The Burgenland Bunch, Thomas Steichen, President, and Klaus Gerger, Vice President. We plan to update this index as we secure more data.

The Burgenland Bunch Genealogy Group

Genealogists researching the multi-ethnic heritage of the Burgenland of Austria and adjoining areas of former West Hungary.

WELCOME TO THE BURGENLAND GENEALOGY SOURCE

The Province of Burgenland, located in the southeast of Austria, was formed from parts of the Hungarian counties (Megye) of Vas, Sopron and Moson following WW-I (see map). While it is Austria's youngest province, it can claim to be one of the oldest also, as it has a fascinating history worthy of being studied in detail. The population is comprised mainly of people of Germanic, Croatian and Hungarian descent. From the 1850's through the 1950's, many inhabitants emigrated to the United States, Canada, South America and elsewhere. Our primary purpose is to develop genealogical data concerning those emigrants. We can help locate Burgenland villages through their Hungarian, German, and Croatian names, identify parishes and locations of municipal offices, and identify available church and civil records. In our monthly newsletter, we publish family names and data appearing in old records plus items and articles of Burgenland historical and cultural interest. We link researchers through an e-mail network. We engage actively in uncovering records available for genealogical research. Through the Burgenland Bunch Homepage, you can hyperlink to many other related sites. If your interest is the Burgenland, we can help you.

Burgenland Bunch Website Dedication Page

Burgenland Bunch

GERALD J BERGHOLD

This Website is Dedicated in Honor of
Gerald J (Gerry) Berghold, 1930-2008, Founder of the Burgenland Bunch

Gerry was born in 1930 in Allentown, PA, grandson of four emigrant Burgenlanders. He attended college at nearby Lehigh University, acquiring a degree in Accounting. He spent his working career as a financial manager with Dupont in Wilmington, DE, retiring with his wife, Molly, to Winchester, VA.

In January 1997, at age 66, Gerry published the first issue of an email newsletter sent to a select group of correspondents interested in the history and genealogy of the Burgenland. This first step evolved rapidly into the Burgenland Bunch, an organization formed to foster preservation of Burgenland ethnic heritage and memory of the Burgenland Auswanderung.

From an initial mailing to 12 correspondents, the monthly newsletter now reaches over 2000 recipients residing in every US state and many countries of the world. From January 1997 through January 2006, the newsletter was formatted and distributed as a text-only email document. From February 2006 through March 2008, it was simultaneously formatted and distributed both as an email and an online document, with the online version adding graphics and color. Since April 2008, it is formatted and distributed solely as an online document. The website, also established in early 1997, now documents nearly 7000 Burgenland emigrant family names and holds extensive historical and genealogical resources. A joint US/Austrian staff of 18 volunteers supports this ever-growing website, provides input to the newsletter, and provides answers and advice following.

Gerry published numerous articles in newsletters and magazines, both here and abroad, and was honored for his efforts on behalf of Burgenland history. He was awarded the *Ehrenzeichen des Landes Burgenland* (Honor Award of the State of Burgenland) by the Burgenland Parliament, presented in person by Governor Niessl, in appreciation of Gerry's efforts in fostering the advancement of Burgenland family history and culture; the Burgenländische Gemeinschaft recognized him as an honored member.

Perhaps, though, Gerry was most proud that members of his BB staff, Bob Strauch, Tom Glatz, Anna Kresh, and Frank Teklits, all had been awarded medals by the Burgenland government in recognition of work performed through the Burgenland Bunch.

On August 29, 2008, after five years of battling cancer, Gerry passed away in his home in Winchester, VA, having officially retired from the Burgenland Bunch less than a month before.

It is our distinct privilege to continue to honor his life and commitment to Burgenland history with this dedication.

Located some of these names in cemetery in Woppendorf in 2004. Unfortunately, it was Sunday, everything closed and no one to ask except a Johan Deutsch who said an old lady Hafenschere had just died recently. But she must have been in another cemetery, couldn't locate any Hafenschere graves. Johan had a small winery/bar and we spent an hour with him but didn't learn anything further. He was the one who directed us to the cemetery (don't remember its name, but it was not the one connected to the church - that was all locked up. Alois Hafenschere (son of Michael) shortened his name to Hafenschere in America (arr 1907) - his brother and sister Andrew and Maria changed theirs to Hafenschere. I believe another brother Johann remained in Woppendorf at least till 1950's. Don't know if he married and/or had children Also found many names in cemetery that were familiar (family friends? in Chicago) Horvath, Kornfiend, etc. Believe a large part of Woppendorf relocated to Chicago area in early 1900's. Rosina Eberhardt came in 1910 and she married Alois there (my grandparents) I located Michael Hafenschere (great grandfather) as living in Woppendorf in 1857 (from your sites housing list) and I believe he was married to Teresa Woppel. Anna Prangl was Michael's 2nd wife resulting in another Hafenschere branch here in US. My family is only branch with the spelling Hafenschere. I've been unable to locate where Michael was born or buried. A lot of the same names (except of course Hafenschere) show up in relation to Burg the small town next to Woppendorf.
